2023

ROADMAP

Below, we explain in detail how the project will be developed over time, along with the development team that will be behind all the inherent aspects.

9.1 Project development phases

Hereby, we will present all the phases that are currently planned in order to clarify and have full transparency on how the project will progress over time.

9.1.1 Phase 1: Launch and Foundation (Start Date: 12/2024)

Target

- Establish the foundations of KEMC and its initial community.

Shares

- Launch of the KEMC smart contract on the Binance blockchain.
- Creation of the official KEMC website (thekillereagleofmemecoins.com) as a community center.
- Sale of "Early Packs" with exclusive benefits for initial investors.
- Launch of the first NFT collections exclusively for KEMC holders.

9.1.2 Phase 2: Login to CoinMarketCap and CoinGecko (Start Date: 12/2024)

Target

- Obtain visibility in the main cryptocurrency tracking platforms.

Shares

- Meet the requirements for inclusion in CoinMarketCap and CoinGecko.

- Actively request and work on the inclusion of KEMC in both platforms.

- Continue to improve the CoinMarketCap and CoinGecko website with updated and attractive information.

9.1.3 Phase 3: More than 1,000 Holders and 10,000 Users on Telegram (Start Date: 12/2024)

Target

- Community growth and engagement.

Shares

- Marketing strategies to attract new KEMC holders.

- Rewards programs and airdrops to encourage participation.

- Moderators and administrators active in the Telegram group to support the community.

9.1.4 Phase 4: Using the Power of Memes and Trending on Twitter (Start Date: 12/2024)

Target

- Increase awareness and adoption through meme and trend marketing.

Shares

- Marketing campaigns focused on memes to create viral content.

- Twitter trending strategies to increase KEMC's visibility.

- Encourage community participation in the creation of memes and content.

9.1.5 Phase 5: Build a Strong Community and Launch Digital Newsletter (Start Date: 12/2024)

Target

- Strengthen the community and provide valuable information.

Shares

- Formation of community partnerships for collaborations and joint events.

- Launching of KEMC's monthly digital newsletter to keep the headlines informed.

- Creation of a token-controlled Discord group called the "KEMC Community Hub"

  for licensees.

9.1.6 Phase 6: Listing on Centralized Exchanges (CEX) and More than 10,000 Holders (Start Date: 12/2024)

Target

- Improve accessibility and adoption of KEMC.

Shares

- Comply with the requirements to be listed on reputable centralized stock exchanges.

- Active negotiations with exchanges to list KEMC.

- Marketing strategies to attract new headlines and reach the 10,000 mark.

9.1.7 Phase 7: Sustainable Growth and Global Adoption (Start Date: 03/2024)

Target

- Consolidate KEMC's position as a leading meme currency and encourage worldwide adoption.

Shares

- Expansion of the KEMC community internationally through global marketing campaigns.

- Collaboration with renowned crypto exchanges to increase KEMC's liquidity and accessibility.

- Development of tools and applications that facilitate the daily use of KEMC in transactions and payments.

- Active participation in cryptographic events and conferences globally to promote awareness and adoption.

- Ongoing evaluation of the effectiveness of token burning and reward policies to ensure stability and sustainability.

9.1.8 Phase 8: Development of Strategic Alliances (Start Date: 03/2024)

Target

- Establish key partnerships for the expansion and adoption of KEMC.

Shares

- Identification of potential partners in the cryptocurrency and decentralized finance industry.

- Negotiation and establishment of strategic alliances that benefit both parties.

- Joint collaborations in events, promotions and product development.

9.1.9 Phase 9: Continuous Innovation and Community Governance (Start Date: 12/2024)

Target

- Maintain sustainable growth and innovation, and give voice to the community.

Shares

- Encourage and support third-party development projects in the KEMC ecosystem.

- Implementation of a community governance system so that the owners can vote and contribute to important decisions.

- Continuous research and development of new features and utilities for KEMC.

9.1.10 Phase 10: Implementation of a Quantum Financial System (QFS) and ISO 20022 Standard (Start Date: 09/2024)

Target

- Explore the implementation of a Quantum Financial System and the ISO 20022 standard to improve the efficiency and security of transactions.

Shares

- In-depth research on the applicability and economic benefits of a Quantum Financial System (QFS) in the KEMC environment.

- Assessment of the feasibility of implementing ISO 20022 in KEMC's operations.

- Transparent communication with the community about the application of these technologies, highlighting the benefits and, if applicable, explaining any economic constraints.

- Establishment of a specialized working group on quantum technologies and financial standards to address challenges and opportunities.

9.1.11 Phase 11: Preservation of Freedom of Expression (Start Date: 12/2024)

Target

- Ensure that KEMC remains a platform where freedom of expression is valued and protected.

Shares

- Implementation of clear policies and guidelines to maintain freedom of expression in the KEMC community.
- Continuing education on the importance of freedom of expression and its role in a healthy crypto ecosystem.
- Collaboration with organizations that defend freedom of expression to promote these values in the cryptographic space.

9.1.12 Phase 12: Smart Contract Transparent and Sustained Growth Plan (Start Date: 12/2024)

Target

- To ensure sustained growth and equitable benefits for all KEMC holders.

Shares

- Establishment of a transparent growth plan for the KEMC smart contract that includes the terms of 18-day and 9% fork sales and ROI withdrawals.

- Clear and regular communication with the community on the status and adjustments to the growth plan.

- Periodic audits to verify the fairness and sustainability of the plan.

9.1.13 Phase 13: Application and Utility Development (Start Date: 03/2024)

Target

- Improve the usefulness of KEMC by developing practical applications and tools.

Shares

- Creation of a KEMC wallet to facilitate storage and transactions of the currency.

- Development of mobile and desktop applications that allow users to access and manage their KEMC assets.

- Integration with financial service providers to facilitate the conversion of KEMC into fiat currency and vice versa.

- Implementation of a KEMC payment gateway for use in online and physical stores.

9.1.14 Phase 14: Education and Awareness (Start Date: 01/2024)

Target

- Increase understanding of KEMC and cryptocurrency in general.

Shares

- Creation of educational resources, such as guides and tutorials, to help new investors understand how to buy, store and trade KEMC.

- Organization of webinars and educational workshops on cryptocurrencies and blockchain technology.

- Collaboration with educational institutions to incorporate cryptocurrency into their curricula.

- Promoting cybersecurity and best practices to protect cryptocurrency investments.

9.1.15 Phase 15: Use Case Research and Development (Start Date: 03/2024)

Target

- Explore new use cases and applications for KEMC.

Shares

- Establishment of a research and development fund to finance innovative projects related to KEMC.

- Collaboration with external development teams to explore specific use cases, such as micropayments, online games and more.

- Encouragement of the community to propose and vote for new KEMC use cases.

- Development of strategic partnerships with companies interested in using KEMC in their operations.

9.1.16 Phase 16: Audit and Continuous Safety (Start Date: 12/2024)

Target

- Ensure the security and integrity of KEMC.

Shares

- Regular audits of the KEMC smart contract to identify and address potential vulnerabilities.
- Engagement of reputable cybersecurity firms to assess the robustness of KEMC-related infrastructures and systems.
- Establishment of a security fund to cover possible losses in case of security incidents.
- Ongoing community education on cryptocurrency security best practices.

9.1.17 Phase 17: Integration with Gaming Platforms (Start Date: 07/2024)

Target

- Facilitate the adoption of KEMC in the online gaming industry.

Shares

- Collaboration with game developers to integrate KEMC as a payment option in games and applications.

- Creation of events and gaming competitions that offer rewards in KEMC.

- Development of a proprietary ecosystem of games based on KEMC.

- Promotion of the KEMC gaming community and interaction with related gaming

  projects.

9.1.18 Phase 18: Continued Expansion and Adaptation (Starting Date: 07/2024)

Target

- Maintain flexibility and adaptation as the cryptographic landscape evolves.

Shares

- Constant evaluation of emerging trends in blockchain technology and

  cryptocurrencies.

- Adjustment of the roadmap and strategy according to the changing needs of the

  community and the market.

- Expansion into new blockchains and crypto ecosystems if deemed beneficial.

- Active participation in community decision making to adapt to current demands

  and opportunities.

9.2 Deliverables and key resources

- Development and audit of the KEMC smart contract.

- KEMC official website.

- Marketing and promotion strategies.

- Rewards programs and airdrops.

- Telegram moderators and Discord administrators.

- CoinMarketCap and CoinGecko requirements.

- Collaborations and community partnerships.

- Social networking groups and viral content.

- CEX negotiations and compliance.

- KEMC's monthly digital newsletter.

- Strategic alliances.

- Community governance system.

- Continuous research and development.

- KEMC Wallet.

- Mobile and desktop applications.

- Educational resources.

- Research and development funds.

- Cyber security contracts.

- Security funds.

- Integrations with gaming platforms.

- Community Safety Fund.

- Resources for continuous auditing.

- Development team and external collaborators.

9.3 Parties involved

- KEMC founders and development team.

- KEMC holders and community.

- Moderators and administrators of social networks.

- Tracking platforms such as CoinMarketCap and CoinGecko.

- Cryptographic exchanges.

- Collaborators and community partners.

- Experts in marketing and memes.

- Experts in quantum technology and financial standards.

- Defenders of freedom of expression.

- Cryptographic educators and security experts.

- Game and application developers.

- Educational institutions.

- Security audit teams.

- Research and development organizations.

9.4 Deadlines

- Each phase will be carried out sequentially, with a focus on achieving the defined objectives before advancing to the next phase. Specific timelines may vary depending on circumstances and actual developments.

- The ongoing expansion and adaptation phase (Phase 18) is an ongoing process and will continue indefinitely to ensure that KEMC remains relevant and effective in an ever-changing cryptographic environment.

This comprehensive roadmap represents a solid commitment to the long-term success of KEMC and its community. Each phase is designed to address different aspects of the project and adapt to changing market and community needs. Together, we will take KEMC to new heights in the cryptocurrency world!

TEAM AND COLLABORATORS

Meet the driving force behind the success of our crypto project. Explore the diverse and talented individuals who make up our exceptional team, bringing innovation and expertise to the forefront. Learn more about their backgrounds, roles and contributions as they passionately work to shape the future of the crypto industry.

ANTONIO ROSSI

Founder and CEO

As the visionary leader of the project, Antonio provides strategic direction and an unwavering passion for innovation in the world of memecoins.

EMILY DAVIS

Business Development Director

Emily leads business development initiatives and strategic partnerships to drive KEMC adoption.

DAVID JOHNSON

CTO (Chief Technology Officer)

David is the technical genius behind KEMC, overseeing blockchain technology and smart contract development.

ALICE TURNER

Community Director

Alice cultivates an active and engaged community, ensuring that the community's voice is heard and heeded.

MICHAEL ANDERSON

Marketing Director

Michael leads marketing and communication strategies to improve KEMC's visibility and recognition.

SOPHIA LEE

Chief Financial Officer

Sophia manages project finances and financial accountability, including the liquidity reserve.

ROBERT MARTINEZ

Senior Blockchain Developer

Robert is a blockchain expert responsible for implementing robust technical solutions for KEMC.

OLIVIA BROWN

Senior Blockchain Developer

Olivia is a blockchain expert responsible for implementing robust technical solutions for KEMC.

DANIEL KIM

Communications Manager

Kim coordinates internal and external communications, keeping everyone informed of project developments.

This exceptional team represents a unique combination of skills and experience that drives KEMC's success. Each member plays a vital role in realizing our vision and driving innovation in the meme cryptocurrency space. Their dedication and expertise are critical to moving KEMC into the future in a strong and secure manner.
